TREKKERBANDEN

De trekkerbanden van GOODYEAR zijn een bekend product. Door jarenlange eerste montage onder alle A-merk tractoren is er bijna geen agrarisch bedrijf te vinden waar geen GOODYEAR banden draaien. De zeer slijtvaste Optitrac lijn geeft rijcomfort op de weg en veel tractie in het veld. De TD8 ploegbanden zijn de favoriete ploegbanden in de klei.

- Bewezen goed product; duizenden banden in omloop in de Benelux
- Hoge nokken voor veel tractie en lange levensduur
- Perfecte reiniging in de klei

"We put these tires on our tractor and it changed itself immensely. It was almost like having a new tractor."
